1. PURPOSE/INTRODUCTION

The College of Sciences (COS) Requests for Financial Support procedure prescribes the process for college units to submit a request to the college for financial support beyond their department base budget.

The request must be submitted using the College of Sciences Financial Support Request Form created for this purpose.

This form is NOT to be used to request startup/retention funding or cost share on a grant.

For any financial requests involving salaries (new position, retention, temporary or permanent increases, reclassifications, etc.), please note this is ONLY a request for financial support. It DOES NOT mean the increase or the new position is approved. Approval for the increase or the new position is a human resources process. Please contact the College of Sciences Human Resources office if the financial support request is approved for next steps.

College Requestors are limited to Leadership Team Members and Academic Department Business Officers. Requests for support to units outside the college are to be sponsored by a College Requestor.
